

ALL-PURPOSE CLEANER CONCENTRATE

All-Purpose Cleaner is a safe and highly effective concentrated bacterial universal cleaner specifically formulated to eliminate organic soils from a wide variety of surfaces including hard surfaces such as floors, worktops and tiles and for soft surfaces such as carpet, fabrics and upholstery. This powerful combination digests grease, oil, protein, fat, starch, and other solid organic materials and eliminates bad odours. All Purpose Cleaner's residual biological activity keeps working to ensure that cleaning and odour removal occur long after initial use.

All-Purpose Cleaner is also effective on tough soap scum and mildew build-up in the bathroom, shower, sink, floors or tile walls. Use to spot clean or shampoo carpets, curtains or laundry. The cleaner penetrates deep into the fibres to remove odours and organic stains such as food, wine, vomit and urine. Spray nightly into kitchen and bathroom sinks; helps keep drainpipes clean and clear of residual wastes and foul odours.

APPLICATION:

To use add 50 ml of concentrate to 450 ml clean water into an empty trigger spray. All-Purpose Cleaner is simply sprayed onto all surfaces with any excess wiped away. Food services should be rinsed afterwards with clean water.

INFORMATION:

Nutrient content biological nutrients and stimulants.
Safe to use on aluminium.

PACK SIZES:

500ml & 1 Litre
