

ODOUR BUSTER: CONCENTRATE

Odour Buster contains natural active ingredients capable of neutralising a wide range of malodorous molecules and replaces them with a feeling of freshness. Odour Buster contains synergistic bio-strains, surfactants, nutrients, stimulants, and odour-neutralising agents that ensure excellent breakdown of starches, carbohydrates, protein, fats, and greases. It not only neutralises but also destroys these odour-causing compounds at source.

Odour Buster is non-caustic, non-acidic and biodegradable spray that digests bad odours eliminating smells and leaving a clean fresh fragrance. Use in the home, car, caravan or anywhere bad smells occur, mist or spray direct. Odour Buster is particularly effective on tobacco, bin, cooking and pet smells.

Suitable for use on fabrics, can be used undiluted for strong odours.

Odour Buster is specially formulated and packaged for easy application directly to areas emitting bad odours, leaving a fresh, clean fragrance.

Odour Buster can be used in a spray bottle and sprayed into the air or around and directly onto odorous surfaces as needed. Odour Buster may also be added to mop water and used on floors, around urinals, etc.

PACK SIZES:

500ml & 1 Litre

pH: 7-9
